

## Using Your Coffee Machine

### Step 1: Fill the Water Tank

1. Open gently the water tank from the machine.
2. Fill it with bottled water up to the indicated maximum level.
  - **Tip: Use only bottled water** to ensure optimal performance and prevent scaling.
3. Reattach the water tank gently and securely (“click” sound)

### Step 2: Power On & Select Brew Size

1. Plug in the machine
2. Turn on the machine by pressing the ‘expresso’ or ‘lungo’ button
3. Flashing lights: 25 sec. for the machine to warm up
4. Continuous lighting : machine ready for use

### Step 3: Insert a Capsule

1. Open the capsule compartment.
2. Insert a Nespresso capsule of your choice.
3. Close the compartment firmly.

### Step 4: Start Brewing

1. Place a small or big cup under the coffee outlet
2. Press the espresso or lungo button to start brewing the coffee
3. Your preparation will stop automatically

### Step 5: End brewing

1. Remove your cup
2. Lift the lever, then fold it down to eject the used capsule into the capsule container .

### Step : Cleaning

1. Empty the used capsule container and remove the drip tray (grid that catches coffee drops) and gently rinse the grid with water and put it back on place.

Good tasting !

You can use the capsules from Nespresso or the capsules (see below) you can buy at the LIDL store.
